Date:-19/02/2025.

This is to whom may concern

Dear Atharva Kori,

We are delighted to offer you an internship opportunity at the Indian Institute of Tropical Meteorology (IITM), Pune, in the capacity of a Full-Stack Developer. Your internship is scheduled to begin on February 17, 2025, and will conclude in the last week of April 2025.

As an intern, you will be engaged in full-stack development activities, collaborating with our technical team to enhance various software solutions. Your key responsibilities will include front-end and back-end development, debugging, testing, and improving overall system efficiency.

We look forward to welcoming you to our team and supporting your professional growth.

Project Director
